April 14, 2020 Kattie Compton so far it's been amazing Very fast and easy to read Thank you that this book is not too baggy or formal in its rituals. So many books romantically turn the deities and rituals to the point that they are impractical. There are a few typos, but it's all very much loved and I look forward to reading more about the author's work. This book makes me feel worth the money and doesn't waste my reading time on fillers, unlike the many other books I've read.
